## About us

---

Parijat Oil And Fats Private Limited is a Private company incorporated on 09 August 2021. It is classified as Non-government company and is registered at Registrar of Companies, Delhi. Its authorized share capital is Rs. 50,000,000 and its paid up capital is Rs. 50,000,000. It's NIC code is 151 (which is part of its CIN). As per the NIC code, it is involved in Production, processing and preservation of meat, fish, fruit vegetables, oils and fats..

Parijat Oil And Fats' Annual General Meeting (AGM) was last held on N/A and as per records from Ministry of Corporate Affairs (MCA), its balance sheet was last filed on 31 March 2023.

Directors of Parijat Oil And Fats are AMANJOT SINGH and GURVINDER JIT SINGH.

## Crude rice bran oil

Our state-of-the-art factory specializes in producing high-quality crude rice bran oil, extracted from the nutrient-rich outer layer of rice grains. Equipped with advanced technology and eco-friendly processes, our facility is designed to ensure the preservation of the natural goodness inherent in rice bran. Crude rice bran oil is a versatile and valuable product known for its rich content of antioxidants such as gamma-oryzanol, Vitamin E, and phytosterols, as well as its optimal balance of essential fatty acids. These properties make it an ideal choice for refining into edible oils or for use in a variety of industries, including food, cosmetics, and pharmaceuticals.

At our factory, we prioritize sustainable practices by utilizing modern extraction methods that minimize waste and maximize efficiency. The oil extracted is characterized by its light texture, mild flavor, and impressive health benefits, including heart health support, cholesterol management, and antioxidant protection. With a commitment to quality, innovation, and environmental responsibility, we aim to supply superior crude rice bran oil that meets the diverse needs of our clients while contributing to healthier lifestyles and a greener planet.

## Crude Rice Bran Oil Overview

Crude Rice Bran Oil is a natural, unrefined oil extracted from the outer layer of rice grains (rice bran). It is renowned for its nutritional value, versatile applications, and environmentally friendly production process.

## Origin of Crude Rice Bran Oil

Crude Rice Bran Oil originates from the bran layer of rice, which lies between the grain's husk and kernel. This layer is a nutrient-dense by-product of rice milling, making it an excellent raw material for oil extraction.

## Benefits by Age Group

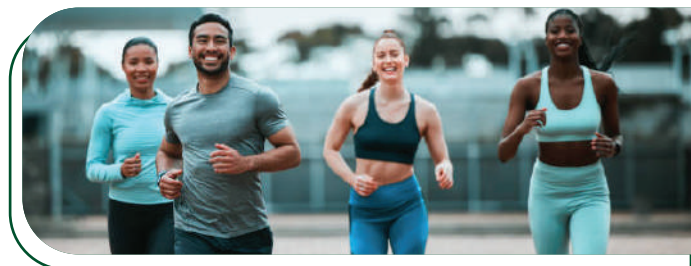

### » Children (Under 18)

- Indirect benefits through nutritious food cooked in refined rice bran oil, supporting overall growth and development.

### » Adults (18-60):

- Ideal for maintaining heart health and managing cholesterol levels.
- Suitable for those seeking a healthy alternative to traditional cooking oils.

### » For Seniors (60+):

- Particularly beneficial for reducing cholesterol and supporting cardiovascular health.
- Helps address age-related oxidative stress due to its high antioxidant content.

## Key Qualities of Crude Rice Bran Oil

### 1. Nutrient-Rich Composition:

- **Gamma-Oryzanol:** A powerful antioxidant that promotes heart health and lowers cholesterol.
- **Vitamin E:** Provides anti-aging benefits and strengthens immunity.
- **Essential Fatty Acids:** Contains a healthy balance of Omega-3 and Omega-6 fatty acids.

### 2. Versatile Applications:

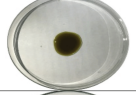

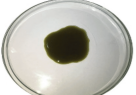

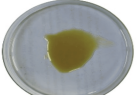

- **Cooking Oil Refinement:** Crude rice bran oil is refined into a light and mild-flavored oil ideal for frying, sautéing, and baking.
- **Cosmetics Industry:** Used in skincare products for its hydrating and anti-aging properties.
- **Pharmaceutical Uses:** Incorporated into supplements for its health-boosting attributes.

### 3. Sustainability:

- The oil is extracted through eco-friendly processes that minimize waste and maximize the use of rice bran, contributing to sustainable practices.

### 4. Health Benefits:

- Promotes heart health by reducing LDL (bad cholesterol) and increasing HDL (good cholesterol).
- Enhances immunity and provides antioxidant protection.
- Supports skin health and combats free radicals.

## Why Choose Us?

---

### 1. State-of-the-Art Manufacturing:

- Our factory is equipped with advanced technology to extract and process high-quality crude rice bran oil.

### 2. Sustainability and Eco-Friendliness:

- We use environmentally conscious methods to produce oil with minimal waste.

### 3. Commitment to Quality:

- Stringent quality control ensures a premium product that meets global standards.

### 4. Trusted by Diverse Industries:

- Supplying crude rice bran oil for refining, cosmetics, pharmaceuticals, and more.

# De-oiled Rice Bran

Our company specializes in the production of high-quality De-Oiled Rice Bran (DORB), a valuable by-product obtained after the extraction of oil from rice bran. With state-of-the-art technology and sustainable practices, we process rice bran to remove its oil content, resulting in a nutrient-rich product that serves diverse industries. De-Oiled Rice Bran is an excellent source of protein, fiber, and essential nutrients, making it a preferred ingredient in animal feed formulations. Its balanced composition enhances the health and productivity of livestock, poultry, and aquaculture species.

In addition to its primary use in the feed industry, DORB is gaining recognition in other sectors, such as biofuel production and organic fertilizers, due to its eco-friendly and versatile properties. At our factory, we ensure strict quality control measures and environmentally conscious practices, from raw material sourcing to the final processing stages. By prioritizing innovation and sustainability, we aim to deliver premium De-Oiled Rice Bran that meets the highest standards of quality and fulfills the growing demand for efficient and sustainable feed solutions in both local and global markets.

OIL AND FATS PVT.LTD.

## De-Oiled Rice Bran (DORB) Overview

---

De-Oiled Rice Bran is a by-product obtained after the oil extraction process from rice bran. It is widely valued in various industries due to its rich nutritional content and sustainable production.

## Origin of De-Oiled Rice Bran

---

De-Oiled Rice Bran originates from the outer layer of rice grains, known as the bran, which is left after the polishing of rice. Once the crude rice bran oil is extracted, the remaining product is processed into De-Oiled Rice Bran. This process ensures that the bran's inherent nutrients, such as proteins and fibers, are retained while eliminating the oil content.

## Key Qualities of De-Oiled Rice Bran

---

- 1. Rich in Nutrients:**
  - High in protein (14-18%).
  - Contains essential amino acids and natural fibers.
  - Packed with minerals like calcium, phosphorus, and potassium.
- 2. Eco-Friendly Product:**
  - Produced using sustainable and environmentally conscious methods.
  - Utilized as a renewable resource in biofuel and organic fertilizer industries.
- 3. Versatile Applications:**
  - **Animal Feed:** Enhances livestock growth, poultry health, and aquaculture productivity.
  - **Fertilizer Industry:** Serves as an organic fertilizer due to its nutrient profile.
  - **Biofuel Production:** Used as a raw material for renewable energy sources.
- 4. Affordable & Readily Available:**
  - Cost-effective and widely accessible across rice-producing regions.

## Benefits by Age Group

Although De-Oiled Rice Bran is primarily used in animal feed and industrial applications, its health benefits can indirectly affect human populations:

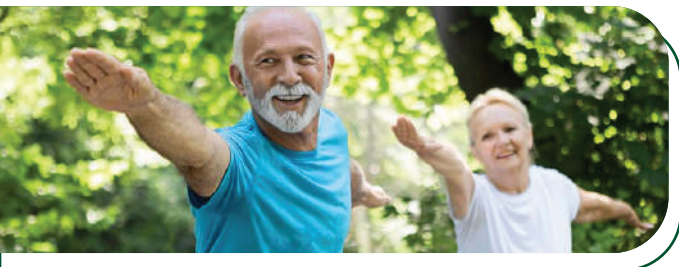

### » For Adults (18+):

- When used as part of animal feed, it enhances the quality of dairy and meat products consumed by adults, contributing to better nutritional intake.

### » For Children (Under 18):

- Indirectly supports their diet through high-quality milk and poultry products.

### » For Seniors (60+):

- Encourages the availability of nutrient-rich, cholesterol-friendly products derived from animals fed with DORB.

## Why Choose Us?

### 1. Modern Manufacturing Facility:

- State-of-the-art processing to maintain quality and nutrient integrity.

### 2. Sustainability Focused:

- Environmentally conscious production methods.

### 3. Commitment to Quality:

- Stringent quality checks at every stage to meet global standards.

### 4. Trusted by Diverse Industries:

- Supplying to feed manufacturers, fertilizer producers, and biofuel industries worldwide.

*Thank  
you*

We extend our heartfelt gratitude to all our valued customers, partners, and stakeholders for trusting us and being an integral part of our journey. Your support and confidence in our business motivate us to consistently deliver high-quality products while upholding our commitment to innovation, sustainability, and excellence. It is through your continued collaboration that we are able to grow and contribute to healthier lifestyles and a greener planet. Thank you for choosing us as your trusted partner – we look forward to serving you with dedication and building a lasting relationship of mutual success.
